- Painting
- Meditation

Kaylan Miederhoff MSN, NI-BC, RNC-NIC

PROFILE

Dynamic Clinical Informatics Nurse specializing in healthcare technology and innovation, serving as a critical bridge between clinical and IT teams. Expert in strategically leveraging technology, data, quality improvement methodologies, and evidence-based practices to optimize clinical workflows, reduce variability in care, and enhance the overall experience for both clinicians and patients. Known for an innovative mindset, strong pattern recognition, and the ability to swiftly master complex concepts.
